INTRODUCTION

This report is a compilation of data collected from Montana public libraries for the fiscal year July 01, 1997 through June 30, 1998. Included are statistics reported by the as well as library personnel, and technology/ automation.

The 79 main public libraries in the state have been assigned to one of seven groups based on the service area population (not the city population). Service area population is the number of people geographical area for which a public library has been established to offer servcies and from which the library derives income, plus any areas served under contract. The service area population of each group, (Over 25,000; 10,001- 24,999; 5,001-10,000; 3,501-5,000; 2,001-3,500; 1,201-2,000; 1,200 & Under), is an attempt to organize libraries into the most homogeneous groups possible for purposes of comparison. The population estimate of 1996 was used to calculate service area populations.

The Montana State Library sends a statistical report form to all the 79 public libraries and the basic questions asked of libraries are those designed for the Federal/State Cooperative System (FSCS). FSCS, part of the U.S. Department of Education, is developing and compiling standardized national public library statistics. All 50 states and of the territorial states are participating in this process.

The Montana State Library stresses the need for timely and accurate statistical data from each of the participating public libraries. Except in cases where data supplied were illogical or when there appeared to be typographical errors, the data presented in this publication are as reported by the 81 public libraries. This report will be of use to those public librarians, library trustees, and federation headquarters working on budgets or researching specific library-related topics.

Please note: Montana has four public libraries that are school/public libraries. These libraries are housed in the school facility and are shared with the community. The statistical information for the school/ public libraries includes a combination of the school and public library budgets, services and other data information. The school/public libraries in Montana are: Joliet Community Library, Joliet; Roundup Community Library, Roundup; Broadwater School & Community Library, Townsend; and Petroleum County Public Library, Winnett.

Comments and questions are welcome concerning any segment of this publication.

DEFINITIONS AND ACRONYMS

These definitions and acronyms are for variables included in the statistics listings for tables and other wording in this publication. The definitions and acronyms are listed in alphabetical order.

Access to Electronic Services: These are electronic services provided either in the library or by remote access to the library. Included should be resources that are owned or leased by the library and access to remote databases and commercial services. (e.g., bibliographic and full-text databases, multi-media products)

ADA - Americans With Disabilities Act: The purpose of the Americans With Disabilities Act (ADA) is to extend civil rights to people with disabilities -- rights similar to those now available on the basis of race, color, sex, national origin, and religion through the Civil Rights Act. It prohibits discrimination on the basis of a disability in the private sector, by state and local governments, and in public accommodations and services, including transportation, provided by public and private entities. It also includes provisions for telecommunications relay services.

Adults: (annual programs offered) The age of this category is 18 years and older.

Annual Circulation Transactions: The total annual circulation of all library materials of all types, including renewals. This total is of all materials in all formats that are charged out for use outside the library.

Annual Hours Open: Total annual public service hours for all outlets combined. This is the sum of all public service hours for all library facilities (including bookmobiles) for the entire year.

Annual Juvenile Circulation: This is the annual circulation (including renewals) of cataloged and non-cataloged materials (in all formats) marked as juvenile, whether they are borrowed by a juvenile, young adult, or adult, over the course of a year.

Annual Program Attendance: This is all the people of all ages who attended programs provided by the library staff or persons invited by the staff to provide information to a group.

Annual Programs Offered: This is the total annual programs offered to all ages. A program or presentation is an information contact in which a staff member or a person invited by a staff member provides information to a group and is planned in advance. This does not include meetings sponsored by other groups using library meeting rooms.

Annual Reference Transactions: This is the reference transactions per week times 52 weeks of the year. See Also Reference Transactions Per Week.

Annual Salary: The annual salary paid to this position at the end of the fiscal year, exclude longevity and benefits.

Annual Users: This is the users per week times 52 weeks of the year. See Also Users Per Week.

Audio: This includes materials on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically or electronically, or both. This includes records, audio cassettes, audio cartridges, audio discs, audio reels, talking books, and other sound recordings.

Automated Circ System: An automated circulation system is a computerized inventory system for the library which allows the use of a scanner or bar wand to check out materials.

Benefits: Benefits outside of salaries and wages paid and accruing to employees except plant operations, security and maintenance. Includes Social Security, retirement, insurance, guaranteed disability, income protection, unemployment compensation, and workers' compensation.

Book Deposits: This includes nursing homes, jails, stores, etc.

Bookmobiles: These are trucks or vans especially equipped to carry an organized collection of library materials, operated by a paid staff member, and has regularly scheduled hours for being open to the public. Bookmobiles are also considered traveling branch libraries and can either be **Owned** by a library or the library has **Contracted** service with another library's bookmobile. Vehicles in use, not the number of stops the vehicle makes, are counted.

Books: Items which are cataloged, shelf-listed and shelved as books. Does not include pamphlets, clippings, pictures, documents, maps, telephone books, college catalogs, etc. unless they are cataloged and shelf-listed.

Branch Libraries: Branch libraries, for the purpose of this survey, are auxiliary units which have all of the following: 1) Separate quarters; 2) A permanent collection; 3) A permanent staff; and 4) A regular schedule for opening to the public. They are administered from a central unit.

BVF: Broad Valleys Federation. See also Federation.

Children's: (annual programs offered) The age of this category is 0 through 13 years of age.

City Population: This is the 1992 estimated census population for the city.

CO: (legal basis code) County Governing - A library established to provide services for a specific concentration of population in a defined area. Library is governed by a county government system and funded by county general fund and/or mill levies.

Collection: (expenditures) This includes all expenditures for materials purchased or leased for use by the public. It includes Print Materials (Books, bound periodicals, government documents, braille materials); Current Serial Subscriptions (magazines, newspapers, annuals, proceedings and transactions of societies); Microforms (Roll microfilm, aperture cards, microfiche and excluded are current serial subscriptions); and Non-Print Materials (videos, computer software, cassettes, etc.)

Collection Size: This included each physical unit held at the end of the fiscal year. A physical item is a volume, unit, or piece. A title is a publication which forms a bibliographic whole. Items which are packaged together as a unit, e.g., two compact discs, two films, or two video cassettes, and are generally checked out as a unit, should be counted as one physical unit.

Computer Services: (expenditures) This includes fees for LaserCat Subscriptions, WLN, OCLC, Internet, Dialog, BRS, Electronic Access Fees, etc.

Continuing Education: (expenditures) This includes travel, registration, membership, etc.

County Population: This is the 1996 estimated census population for the county.

Dedicated Access to Internet: Direct access to Internet means that the library must purchase a telecommunications connection which has been conditioned to support the transfer of electronic information at very high rates of speed. This connection must utilize appropriate hardware which facilitates the routing of information over a local area network.

Dial-up Access to Internet: Dial-up access to the Internet would be a way of accessing Internet and other associated networks via a single computer, with a modem operating at 14.4 Mbps, or faster. Such a connection uses a regular voice grade phone line and the library is capable of dialing a local phone number which establishes an electronic link between the library and the organization which provides the Internet access. Usually the library pays a specific monthly fee for service which is metered, either hourly, daily, or monthly.

Director: The chief administrator of the library.

Electronic Access/Computer Hardware: (expenditures) This includes all expenditures from the library budget associated with access to electronic materials and services. Includes the following: computer hardware and software used to support library operations, whether purchased or leased, mainframe and microcomputer, expenditures for maintenance, and expenditures for equipment used to run information service products when that expenditure cannot be separated from the price of the product.

Electronic Formats: (expenditures) This includes all expenditures for materials considered part of the collection, whether purchased or leased, such as CD-ROMs, magnetic tapes, and magnetic discs, that are designed to be processed by a computer or similar machine. Examples are U.S. Census data tapes, locally-mounted databases, serials, and reference tools. Include expenditures for equipment when the cost is inseparably bundled into the price of the information service product. Exclude operating expenditures for library system software and microcomputer software used only by the library staff.

Electronic Format: (collection) This is the number of physical units such as CD-ROMs, magnetic tapes and magnetic disks that are designed to be processed by a computer. Examples are U.S. Census data tapes, locally-mounted databases, reference tools, and serials on CD-ROM, tape, or floppy disk. Excluded are bibliographic records used to manage the collection, library system software, and microcomputer software used only by the library staff.

Fed.: See Federation.

Federal Income: This include, but is not limited to, grants under all titles, National Endowment for the Humanities, and all other Federal grants.

Federation: A federation is a combination of libraries serving a multi county, multi city, or city-county area within an area designated by the state library commission. Any other public library or town, city, or county within the federation area may participate in such a federation.

FSCS: Federal-State Cooperative System for Public Library Data. Collects annual public library statistics from each state. Supported by the U.S. National Commission on Libraries and Information Science and the National Center for Education Statistics.

F.T.E.: Full-time equivalence is figured on the basis of a 40-hour work week.

GPL: Golden Plains Federation. See also Federation.

Hours Open To Public Main: This is the maximum number of hours the main library is open to the public.

Hours Open To Public Branch: This is the maximum number of hours the branch library(ies) is open to the public.

Income Total: This includes the total of local, state, federal and other income.

Internet Access: Internet is the collection of networks that connect government, university and commercial agencies (e.g., NSFNET, WESTNet, etc.) and is unified by the use of a single protocol suite, TCP/IP. Report the library as providing Internet access only if one or more of the following services is accessible: telnet, gopher, file transfer protocol, or community network. Do not report a library that has access to electronic mail only.

Instate Borrowed: (interlibrary loan) These are the number of library materials, or copies of materials, borrowed by the library from another library in Montana through an interlibrary loan request. The libraries involved in interlibrary loans are not under the same administration.

Instate Loaned: (interlibrary loan) There are the number of library materials, or copies of materials, lent by the library to other libraries in Montana through interlibrary loan. The libraries involved are not under the same administration.

Librarians: Persons with the title of librarian who do paid work that usually requires professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect. Also includes all branch library employees.

Library Building Adequate for Population Served: Self-Explanatory.

Library Expenditures: These are the expenditures of dollars for staff, collection, and support of all the general library operational activities. They are the current and recurrent costs necessary for the provision of library service, such as personnel, library materials, binding, supplies, repair or replacement of existing furnishings and equipment, and costs incurred in the operation and maintenance of the physical facility or facilities.

Library Handicapped Accessible: People with disabilities should be able to arrive on the site, approach the building, enter the building as freely as everyone else, obtain materials or services without special assistance, and have access to rest rooms that are open to the public. At least one path of travel should be safe and accessible for everyone, including people with disabilities.

Local Area Network or LAN: A local area network or LAN is defined as a group of computers and computing peripheral devices such as printers and CD-ROMs which are linked together for the purpose of sharing or exchanging information. Some LANs are based on the Ethernet standard while others are based on Token Ring Standards. All local area networks which will be connected to the Internet must support the TCP/IP protocols mentioned in the above definition.

Local Income: All funds allocated by the city, county or library district and available for expenditure by the public library.

MLS- Masters of Library Science: A graduate degree in library or information science from an institution of higher education accredited by the American Library Association.

Other: (collection size) This includes library material that has been cataloged and shelf-listed, such as: pamphlets, clippings, pictures, documents, maps, etc.

Other Income: This is all other income derived from fines, fees, earnings on investments, contributions, gifts, donations, memorials, etc. available for expenditure by the public library for operating purposes.

Other Operating Expenditures: This includes expenses such as binding, supplies, repair or replacement of existing furnishings and equipment, costs incurred in the operation, maintenance and security of physical facilities (includes salaries, benefits, equipment and supplies), preservation of materials, furniture and equipment, library and office supplies, postage, telephone, and other forms of telecommunications.

Other Paid Staff: This includes all paid library staff members who do not have the title of librarian but have a position at the library.

Other Professionals: Persons whose regular assignment requires either a college degree or equivalent experience.

Outstate Borrowed: These are the number of library materials, or copies of materials, borrowed by the library from another library other than in Montana through an interlibrary loan request. The libraries involved in interlibrary loans are not under the same administration.

Outstate Loaned: These are the number of library materials, or copies of materials, lent by the library to other libraries other than in Montana through interlibrary loan. The libraries involved are not under the same administration.

PATH: Pathfinder Federation. See also Federation.

Per Capita: Per unit of population (A total divided by the service area population).

Percent Registered: This is the percent of registered borrowers within the library service area.

Reference Transactions Per Week: A reference transaction is an information contact which involves the knowledge, use, recommendations, interpretation or instruction in one or more information sources by a member of the library staff. Completion of the reference transaction may require a reference interview.

Registered Borrowers: A registered borrower is a library user who has received an identification number or card which establishes the conditions under which the user may borrow materials.

SAGE: Sagebrush Federation. See also Federation.

Salaries: (expenditures) Salaries and wages for all staff members except plant operations, security and maintenance staff for the fiscal year. Includes salaries and wages before deductions but excludes employee benefits.

Serv Pop: See Service Area Population.

Service Area Population: This is the population of the geographical area for which a public library has been established to offer services and on behalf of which the library derives income.

SOC: South Central Federation. See also Federation.

State Income: These are funds distributed to public libraries by the state government for expenditure by the public libraries. This includes coal severance tax federation grants, interlibrary loan reimbursement grants, state aid for federation support grants that are granted to the public library by the federation, and per capita/per square miles state aid grants that are given to public libraries based on service area per capita/per square miles.

TAM: Tamarack Federation. See also Federation.

Total Staff: This includes all the F.T.E. staff members of the public library. See Also F.T.E.

Users Per Week: This is the number of persons entering the public library for any purpose per a typical week. An efficient method for counting library users is in Output Measures for Public Libraries 2nd edition.

Using a WWW (World Wide Web) Browser Software Displays Graphics: Examples of some world wide web browser software: Netscape Navigator, Mosaic or Web Explorer.

Video: These are materials on which pictures are recorded, with or without sound using a television receiver or monitor.

Young Adults: (annual programs offered) The age of this category is 14 through 17 years of age.

Person Completing This Form & Telephone Number and E-Mail Address

DO NOT LEAVE ANY BLANK ITEMS. *Enter "0" if the appropriate entry for an item is zero or if an item doesn't apply to your library. Estimates are important if exact data are not available. If an exact figure is not available but if you know the item is greater than zero, enter an estimate of the amount and indicate the figure is an estimate by enclosing it in parentheses.* **Please note: main libraries that have branch libraries are to combine the branch library statistics with the main library statistics. School/public libraries are to report numbers in one statistical figure as well.** ***Questions:*** *Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.state.mt.us.*

A. GENERAL INFORMATION

1. **Population of Legal Service Area -** The population of the geographical area for which a public library has been established to offer services and on behalf of which the library derives income.

2. **Current Registered Individual Borrowers -** A registered borrower is a library user who has received an identification number or card which establishes the conditions under which the user may borrow materials. **Do not report this figure unless files are purged at least every three years.**

3. **Branch Libraries -** Branch libraries, for the purposes of this survey, are auxiliary units which have all of the following: 1) Separate quarters; 2) A permanent collection; 3) A permanent staff; and 4) A regular schedule for opening to the public. They are administered from a central unit.

4. **Unstaffed Book Stations or Depositories -** Include unstaffed book stations or deposits in nursing homes, jails, hospitals, drug treatment centers, stores, public/private schools or other locations open throughout the year at certain designated times with revolving collections from public library collection.

5. **Bookmobile -** Please check one of the spaces to indicate whether the bookmobile is **Owned** by your library or your library has **Contracted** service with another library's bookmobile. Indicate the number of bookmobiles or contracts.

Owned ❑	Contracted ❑

6. **Is your library legally established under Montana's Laws according to Montana Code Annotated, 22-1-301 through 22-1-317, or Title 7?**

YES ❑	NO ❑

7. **Does your Library Board conform to all applicable state, local, and federal laws, rules and regulations?**

YES ❑	NO ❑

8. What is the square footage of your library building?

Square Feet

B. STAFF INFORMATION

1. Library Staff in Full Time Equivalent

Report figures as of the last day of the fiscal year. Include all positions funded in the library's budget whether those positions are filled or not. To ensure comparable data, 40 hours per week has been set as the measure of full-time equivalents (F.T.E.). To compute F.T.E., take number of hours worked by employees in each category and divide by 40. Example: if your library employs one librarian with an ALA/MLS degree for 10 hours a week and another librarian with an ALA/MLS degree for 34 hours a week, the entry for "Librarians With ALA/MLS" would be 1.1 or 10 + 34 divided by 40. Use this formula to calculate the F.T.E. for questions 10 - 15. **Questions:** Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.state.mt.us.

Definitions (modified from the Federal State Cooperative System for Public Library Data):
Director: The chief administrator of the library.
Librarians: Persons with the title of librarian who do paid work that usually requires professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect. Also include all branch library employees, if applicable.
Other Professionals: Persons whose regular assignment requires either a college degree or equivalent experience, e.g. accountants, systems administrators, computer programmers.
All Other Paid Staff: This includes all paid library staff members who do not have the title of librarian but have a position at the library. Examples of staff: library clerk, shelver, administration support, plant operations, security, maintenance staff, etc. Please be sure to include plant operations, security, and maintenance staff that are paid through the library budget. Also include all branch library employees, if applicable.
With ALA/MLS: Include all persons with a master's degree from programs of library and information studies accredited by the American Library Association.

2. Other Library Members - This includes green thumb workers, summer youth programs, all volunteers, etc. Everyone who is NOT a paid library staff employee. This is an actual number, not F.T.E.

3. How many hours per week are donated by the Other Library Members? Self-explanatory.

4. Director's Salary and Range of Professional Salaries

Please use your current salary schedule to report these figures. If a range does not exist, please report the actual salary in the "High" column. If a position exists in your library but is not currently filled, please report the salary as if it were filled. If a position listed here does not exist in your library, simply leave the position blank. If you have additional library positions not listed here, please note them on the "other" line. **Questions:** Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.state.mt.us.

C. LIBRARY INCOME

Please report your library's income in the boxes on the right. Use whole dollars only, no cents.

1. Local Income - All funds allocated by the city, county or library district and available for expenditure by the public library.

Total Local Income: $

Please check all types of local income (city, county or library district) your library received this past fiscal year and fill in mill levy, if applicable:

❑ City General Fund ❑ City Non-Tax Revenue ❑ City Mill Levy (_____ mills)
❑ County General Fund ❑ County Non-Tax Revenue ❑ County Mill Levy (_____ mills)
❑ District General Fund ❑ District Non-Tax Revenue ❑ District Mill Levy (_____ mills)
❑ School District General Fund ❑ Additional City/County Mill Levy (_____mills)

Notes:
General Fund - All funds allocated from general funds for expenditure by the public library.
Non-Tax Revenue - Transfers in from other funds; revenue that does not come from a mill levy; any revenue not tied to a mill levy; i.e. capital monies, lump sums from general fund.
*Mill Levy & Additional Mill Levy - **MCA 22-1-304. Tax Levy - Special Library funds- Bonds.** (1) The governing body of any city, county or district which has established a public library may levy in the same manner and at the same time as other taxes are levied a special tax in the amount necessary to maintain adequate public library service. City Mill Levy -- not to exceed 7 mills on the dollar upon all property in such city which may be levied by the governing body of such city. County Mill Levy -- not to exceed 5 mills on the dollar upon all property in such county which may be levied by the governing body of such county. (2) (a) The governing body of any city, county or district may by resolution submit the question of exceeding the maximum lax levy provided in subsection (1) to a vote of the qualified electors thereof at the next general election. Such resolution must be adopted at least 75 days prior to the general election at which the question will be voted on. Please indicate the mill levy by a figure amount (i.e. 1.5) and the amount as a dollar amount.*
***Questions:** Contact Diane Gunderson, 406-444-5349 or dmgunde@msl.state.mt.us.*

2. State Income - includes the following:

E. LIBRARY COLLECTION

Report for each item, physical units held at the end of the fiscal year. A physical item is a volume, unit, or piece. A title is a publication which forms a bibliographic whole. Example: The 1988 *World Book Encyclopedia* is 22 physical items and one title. Items which are packaged together as a unit, e.g., two compact discs, two films, or two video cassettes, and are generally checked out as a unit, should be counted as one physical unit.

1. **Number of Books, Bound Serials & Government Documents -** This includes monographs, bound periodicals, newspapers, annuals, memoirs, proceedings, and transactions of societies, and excludes microforms.

2. **Number of Audio Materials -** Included are records, audio cassettes, audio cartridges, audio discs, audio reels, talking books, and other sound recordings.

3. **Number of Electronic Format Materials -** Report the number of physical units such as CD-ROMs, magnetic tapes and magnetic disks that are designed to be processed by a computer. Examples are U.S. Census data tapes, locally-mounted databases, reference tools, and serials or full text databases on CD-ROM, tape, or floppy disk and access to EbscoHost or Electric Library through the Internet. Exclude bibliographic records used to manage the collection, library system software, and microcomputer software used only by the library staff.

4. **Number of Video Materials -** These are materials on which pictures are recorded, with or without sound using a television receiver or monitor.

5. **Number of Other Library Materials -** This category is for the materials not mentioned above. And also this material can be checked out to an individual. [Records and Paperback exchanges are not counted unless they are cataloged into the library's collection.]

6. **Total Number for Library Collection (add 1-5)**

TOTAL LIBRARY COLLECTION

7. **Number of Current Serial Subscriptions -** This includes the total number of periodicals and newspapers in any format. Only count the titles in this category, not the individual issues. (This also includes donated subscriptions.)

F. LIBRARY SERVICES

1. **Number of Hours Open to the Public Per Typical Week -** A typical week is one in which the main library, branch library, school/public library and/or bookmobile is open its maximum number of hours to the public.

MAIN LIBRARY:	BRANCH LIBRARY(IES):	SCHOOL LIBRARY:

a. **How many hours per week is a paid staff member present during the time the library is open to the public?**

2. **Total Number of Annual Public Service Hours -** Total annual public service hours for all outlets combined. Report the sum of all public service hours for all library facilities (including bookmobiles) for the entire year. For bookmobiles, report only the hours in which the bookmobile is open to the public. Do not include hours for deposit collections or other similar service outlets. (hours open to the public per week times 52 weeks)

3. **Number of Library Users Per Typical Week** - Report the total number of persons entering the library and branches, if applicable, for any purpose during a week picked by the library director. An efficient method for counting library users is in Output Measures for Public Libraries 2nd edition, which was distributed to many Montana public libraries. Also available via ILL from State Library.

4. **Number of Transactions Completed Per Typical Week -** This category has been broken down into three sections: Reference, Procedural, and Directional for reasons of clarification and the ability to obtain accurate statistics.

a. Total Number of Reference Transactions Completed Per Typical Week - A reference transaction is an information contact which involves the knowledge, use, recommendations, interpretation or instruction in one or more information sources by a member of the library staff. Completion of the transaction may require a reference interview.

b. Total Number of Procedural Transactions Completed Per Typical Week - A procedural transaction is a series of steps that are followed in a regular, definite order, and would require assistance from the library staff. Examples: showing patron how to use the card catalog, PAC system and/or other library equipment, setting up a meeting in the conference room.

c. Total Number of Directional Transactions Completed Per Typical Week - A directional transaction is a direct question or guidance question. Examples: "What time is story hour?", "Where are the restrooms?" and/or "How much do you charge for the copy machine?"

5. Annual Circulation - This section pertains to the total annual number of units or items your library circulated in all formats to all users, including renewals.
